Request Detail:

A new post was created on the 17th July 2017 within the Community and wellbeing network – 3378b Business Development and Transformation Lead band 8a.

I would like to know if the job description and person specification for this post was submitted with an SMR form to the NHS pensions Agency to ascertain if it would meet the requirements for Special Class Status.

I would like to know what the pensions agency decision was if it was submitted.

I would like to know how many of the posts deemed as SAE during the organisational reset process were submitted for verification of SCS or Mental health officer status(MHO) status.

I would like to know who the executive was that authorised the creation of the post as SAE and any correspondence between the executive and Director of operations Tanya Hibbert relating to this authorisation.

I would like a copy of the business case for change that identified the above post as needed within the network.

I would like to know the date when the post was removed as a financial pressure as indicated by Joanne Moore in my grievance appeal outcome letter in May this year.
