

FOI Request Response information

FOI request reference:	2016/151
Date request received:	10/06/2016
Date request responded to:	05/07/2016
Category:	Service delivery
Tags:	Mental health, homeless, outreach, training

Request Detail:

I would like to be informed about mental health provision in the Trust for single/non-statutory homeless persons..

Specifically, I would like to be informed of the following.

- How this population group and their mental health needs are worked with within the Trust and whether there is any provision dedicated to this population, as in for example outreach work or clinical consultation with local hostel accommodation.
- If there any specialist projects/staff of this nature, a description of them in terms of dedicated staffing (numbers and professional disciplines), particular conditions (e.g. psychological trauma, psychosis) or sub-populations worked with, access/referral pathways for service users to access them, and intervention models/approaches informing the work.
- Any training mental health professionals have access to, or undergo, to improve staff awareness around working with this population.

If any provision of this sort has recently been discontinued or is being planned, I would be keen to be informed about this also.
