Tags:	Doctors, accomodation

### Request Detail:

- Do you provide accommodation for doctors who feel too tired to drive home after work?

*Please note that we are not referring to doctors who are working 24 hour shifts who will clearly stay on site. This is referring to shift workers who work a shift in hospital and are usually expected to travel home afterwards.*

- Is this available to all doctors or only those working certain shifts?
- Can it be arranged at the last minute or can it only be pre-booked?
- Is this accommodation free or charged for?
  - If charged for, how much does it cost?
  - If charged for, is this subsidised?
  - If charged for, is it demanded up front or taken from the doctors' payslip?
- Are you aware of any car crashes or fatalities involving doctors in your trust in the past ten years? Please state how many (we are not asking for confidential information, just generic information in the public domain).

If your trust has multiple hospital sites and there is a breakdown for each individual hospital within the trust, please provide a breakdown of that information.
